

CUSTOMER GUIDE

ST. JOHNS

Please consult the map for your collection day. Trash and recycling are collected on the **same day**.

SERVICES

TRASH COLLECTION

All trash is picked up in mint green city bags. Green bags are available for purchase at St. Johns City Hall and several local businesses.

RECYCLING

All recyclable items should be placed in your Curby Recycler. Curby Recyclers are available at no additional charge for St. Johns residents. To arrange service, contact Granger. (See recycling guide for specific information about recycling.)

BULK ITEMS

Bulk items are items such as appliances, furniture and other large waste materials that don't fit in your mint green bags. The City of St. Johns holds a free cleanup event each spring. If you need to dispose of a bulk item at another time, Granger can pick it up for an additional fee. To arrange collection, contact Granger at **1-888-947-2643** at info@grangernet.com.

CAPTAIN CURBYSM

OBSERVED HOLIDAYS

All Granger offices and operations are closed for the following holidays:

- New Year's Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Day

Street-side collections for the day of a holiday and each day following, during that week, will be delayed by one day. If the holiday falls on a Saturday or Sunday, there is no delay to street-side recycling.

CUES FROM CAPTAIN CURBYSM

- Place trash and recycling street-side by 7 a.m.
- Double bag loose materials like kitty litter, animal waste, sawdust, ashes, insulation and packing peanuts. (Make sure only outside bag is mint green.)
- Place long items like broom handles, curtain rods, etc. on the ground beside the trash.
- Please limit trash containers and mint green bags to 50 pounds.

CUSTOMER GUIDE

WASTE ACCEPTANCE GUIDELINES

Please follow our waste acceptance policy carefully. These guidelines are intended to ensure we are complying with all state rules and regulations and that our associates can do their jobs safely. They also protect you!

Michigan's solid waste law and rules and federal regulations have restrictions about certain wastes being disposed of in municipal solid waste landfills. More information is also available at www.grangernet.com/about/guidelines.php. For further clarification, please contact Granger at 1-888-9-GRANGER. You may also contact the State regulatory agency, the Department of Environmental Quality, at www.michigan.gov/deq for information on materials prohibited for disposal in Michigan landfills and appropriate alternate disposal options.

- Medical waste (unless decontaminated or packaged as required)
- More than a *de minimis* amount (very small quantity) of open, empty, or otherwise used beverage containers
- More than a *de minimis* number (very small quantity) of whole motor vehicle tires (scrap tires)
- More than a *de minimis* amount (very small quantity) of yard clippings, unless they are diseased or infested
- Used oil or oil filters (unless filters have been drained for 24 hours)
- Lead acid batteries
- Low-level radioactive waste
- Regulated hazardous waste and radioactive labeled containers
- Household paint (unless in non-liquid form)
- Refrigerants/Freon (must be removed from appliances prior to disposal)
- Liquid waste
- Septage/Sewage
- Empty drums (unless clean and crushed)
- Explosives, ammunition, or firearms
- Compressed gas cylinders (unless empty and disabled)
- PCBs
- Asbestos waste (requires proper packaging and handling)
